

Petway Door Sizes

Choosing a Pet Door Size

Petway Pet Doors are available in 3 sizes:

Small - Flap Opening Dimensions 240mm (9½") high x 190mm (7½") wide
Suitable for all size cats and small to medium size dogs.

Medium – Flap Opening Dimensions 305mm x 225mm

Large - Flap Opening Dimensions 400mm (15¾") high x 260mm (10¼") wide
Suitable for medium to large dogs.

We suggest the best way to see which size Petway Pet Door is suitable for your pet is to cut the dimensions of the flap opening out of a piece of cardboard and see which size your pet is most comfortable going through. Please remember Petway Pet Doors are used for convenience whilst you are at home.

IMPORTANT

The Petway® pet door may increase risk of theft or damage by an intruder or unwanted animal. The product is not to be fitted on any doors leading to a swimming pool. Petway® Access Doors and their agents will not be liable for any loss or damage caused by fitting and using their product.
