## Residential

As we've been established on the Gold Coast for more than 30 years, it's no wonder our products are already in so many homes and our loyal customers keep coming back for more.

These are just a few of the products we offer:

- Motorised roller blinds
- Double roller blinds
- Sunscreen, privacy and blackout blinds
- Panel glides and curtains
- Venetians and verticals
- PVC, timber or aluminium shutters
- Fly screens and Invisiguard security doors and screens
- Outdoor blinds and awnings

Our internal products will help keep your home cool over summer, and with our external products, you'll be able to enjoy your outdoor living area given the wind and privacy protection offered by our outdoor blinds, shutters and awnings.

## Hospitality

Our team work closely with customers in the hospitality industry, such as cafe and restaurant owners and hotels.

We can assist the hospitality industry with products such as alfresco clear PVC screens or mesh screens. Our hospitality clients benefit from this as their dining areas become less seasonal and protect their diners from wind, rain or sun.

**Other products which would benefit this industry** are automated screens or awnings, saving owners and staff time in having to manually adjust these every time the weather changes! The costs of automation have decreased significantly over recent years making this product now more affordable and very convenient for those in this industry.

Some examples of our recent work can be seen at **Circle on Cavill** and the **Titanium Bar**, both at Surfers Paradise. We have also fitted out blinds and curtains in luxury hotel apartments such as the **Oracle on Broadbeach**.

Why not call us to find out how we can help your business.
